PROFILE

I would describe myself as a quiet person but very talkative inside my head.a thousands of things are running in my mind while staying quiet. Even while talking, analyzing and thinking with my own algorithms. I would say that I'm self aware and know what will make me happy on a long term. Most of my decisions are good, and few were not, but I learn from them.

SKILLS

- HTML
- CSS
- Bootstrap
- Javascript
- React.Js
